SUPPLEMENTAL RESPONSE TO RESTRICTION REQUIREMENT

This Supplemental Response to Restriction Requirement replies to the Office action, dated December 19, 2005 ("Office Action"). A one-month period for reply was set in the Office Action, which makes a response due on or before January 19, 2006. It is believed that no fees are required in connection with this filing; however, the Commissioner is authorized to charge any fees that may be required to the deposit account referenced on the accompanying transmittal letter.

REMARKS

The Office Action contends that the response "filed on 09/19/05 in reply to the restriction requirement of 07/28/05 is non-responsive because Applicant has not elected one protein sequence." Applicant is requisitioned to "elect one nucleic acid sequence to be examined with the elected Group I."

Applicants thank the Examiner for finding the response filed on September 19, 2005 to be a "bona fide attempt to reply" and for providing additional time for response. Applicants
